CONTINUE ADVANCE IN SNOW AND SLUSH

Germans Allow Russians and
Roumanians No Chance to
Make a Stand.

(Special to The Herald)

Berlin, Dec. 15—Neither gunpowder or storms prevent the advance of the German troops operating in the vicinity of Bucharest. Surging along in knee deep mud and in snow storms, the German, Austro-Hungarian and Bulgarian forces are advancing on three sides and occupying important positions. The German Allies are moving so swiftly as to allow the Russian and Roumanian forces no chance to make a stand at any point. The Roumanian army has been reduced to a skeleton.

STOCKS TAKE SHARP DECLINE

Owing to Report of Counter
Peace Proposal of
Allies.

(Special to The Herald)

New York, Dec. 15—Persistent reports in financial circles that the Allies intend to reply to Germany's peace proposition by a counter proposal, caused a high and feverish market. Prices fell off practically to three per cent in early trading. Weakness in munitions and war equipment being the most noticeable.

GREECE ACCEPTS ULTIMATUM OF THE ALLIES

Telegram From Athens, However, Does
Not Give the Contents of the
Demands.

(Special to The Herald)

Paris, Dec. 15—A telegram from Athens states that the ultimatum of the Allies has been accepted by the Greece. The telegram does not give the contents of the ultimatum. Several

notes have been sent to Greece. According to a London cablegram they called for the disarming of the Greek army and the control of the railway and telegraph systems by the Allies.

by burning villages the statement adds.
The Russians keep up their attacks along the Carpathians without results.

THEY ARE HERE.

NEW YORK IN THE GRIP OF A SNOW STORM

Both Land and Sea Traffic
Badly Held Up by
Elements.

(Special to The Herald)

New York, Dec. 15—A blinding snow storm struck New York square amidst today and caused a temporary slow-up of the push and shove Christmas traffic and seriously impeded travel in both city and harbor. Outside of the quarantine are twenty-two Trans Atlantic and coast liners that have not been able to enter port. Owing to the indications that the storm would continue through the day caused a great force of sweepers and shovelers to be set at work.

SENSATIONAL SMASH IN STOCK MARKET

Bethlehem Steel Drops Off
32½ Points From Yesterday's Close.

(Special to The Herald)

New York, Dec. 15—Another smash in stocks, which caused a more nervous and exciting scene than at any period since the selling movement began. Steel common, in which there was a wild scramble to both buy and sell, dropped to 109½ against yesterday's close. Industrial alcohol also was weak, falling from 116 to 104.

Bethlehem Steel sold with a 7½ per cent dividend at 540, a loss of 32½ points from yesterday's closing.

FRENCH RENEW ATTACKS ON THE MEUSE

Berlin, Dec. 15—Pausing in their Somme drive the French have launched another terrific drive on both sides of the Meuse, the war office reported today. The French bombarded the German positions heavily.

COLD WAVE HITS NORTHWEST

Two Deaths by Freezing in
Chicago and Much Suffering
by the Poor.

Chicago, Dec. 15—Two deaths by freezing, much suffering on the part of the poor and the usual outbreak of fires followed on the heels of zero weather in this section. The mercury dropped to one above zero in Chicago and went far below in other places in the northwest.

Were you in on the Christmas savings?

W. S. JACKSON,

111 Market Street

PRESIDENT TO DECIDE UPON COURSE

United States Will Play as Peace-Maker
Between the Warring Nations of
Europe.

(Special to The Herald)

Washington, Dec. 15—The consideration of the attitude the U. S. will take as an intermediary between the group of warring nations will be settled at a meeting of President Wilson and his cabinet to be held late this afternoon.

It was learned from a source close to the White House and usually correct, that at this meeting a tentative plan will be laid before his official advisers by the President.

President Wilson consulted with Secretary of State Lansing on the

propriety of the U. S. acting in the present situation.

Mr. Lansing refused to make any official comment on the conference. It is understood that Mr. Lansing contends that it is the right of a neutral to offer suggestions, owing to the fact that it also has interests at stake. That the peace proposals of Germany should be given the gravest and fullest consideration by the opposing Allies. The action of the administration will be thoroughly discussed at today's meeting. The notes from Chicago Affairs Grew at Berlin, were forwarded today by the state department.

CHICAGO FIRM INTERESTED IN PAPER PLANT

Wants All Possible Information
About Property at
Freeman's Point.

The following communication relative to the paper making plant at Freeman's Point has been received by Mayor Ladd:
The Honorable Mayor,
City of Portsmouth,
New Hampshire.

December 9, 1916.

Dear Sir:—
I am desirous of obtaining all possible information regarding the present situation of the White Mountain Paper Company's plant in your city.

First, I want to know who owns it or controls it today, and can it be purchased? I have a faint recollection to the effect that it was for some time in the hands of a trust company. If they own it at present? Can you in any way arrange for me to obtain blueprints or pictures of the same. If there is a Board of Trade in your town will the Board of Trade be in a position to give me information?

It is my desire to deal only with present owners or controllers. I will not operate through a real estate man. Interests with whom I am connected are looking for a plant like the White Mountain plant.

If you will take the trouble to put me quickly on the right track and give me as much detailed information as is within your power, I will very much appreciate the same. It is necessary, if anything is to be done with the property, that quick action be taken.

The interests I represent will employ a great many hands and will prove to be a great advantage to your town.

The writer formerly lived in Boston and knows something of the White Mountain Paper Company's history but has lost track of it in the last few years. However, I was informed that a company did start operating a plant for the manufacture of ammunition, but the parties with whom I am interested will not manufacture ammunition, but a much more permanent article and will, if they arrange to take over the plant, do a very extensive business.

A prompt reply from you is desired.

Yours very truly,
A. M. MEINCKE.

CARD OF THANKS.

We wish to extend our sincere thanks to our many friends for their kind expressions of sympathy in our recent bereavement, also for the many beautiful floral tributes.

Mrs. Charles Huntress and Family.
Mr. William M. Huntress.
Mrs. Mary Huntress.

REBEL FORCES ACTIVE IN ALL PARTS OF MEXICO

Carranza's Armies Being Har-
assed in Both the North
and South.

El Paso, Dec. 15—Carranza's armies are being harassed both in the north and south by rebels, according to advices received here. In the north, Villa's main force is approaching north of Torreon. In sharp fighting in the south, forces under Diaz captured Papirraza, an important railroad junction, and main gateway to Mexico City.

Villa agents here declare that Villa left a sufficient force of men near Chihuahua City so that any time he desires to take the city he can. They predict a raid on Chihuahua City at an early date and the release of the 600 men from the pen who were locked up by General Murguia.

DENMARK WILL SELL ISLAND TO UNITED STATES

People Vote by Large Majority
to Dispose of Danish
West Indies.

(Special to The Herald)
Copenhagen, Dec. 15—Denmark is willing to sell the Danish West Indies to the United States, the vote resulting in a majority in favor of 136,098.

L. E. STAPLES, MARKET ST.

The Acorn

18 Market Square. Portsmouth, N. H.

Books for gifts are pre-eminent, nothing wears longer or is of equal value in after years. "The Acorn" is showing an especially wide variety this year.

The fine BOOKS OF TRAVEL, with many illustrations in color and photograph, are particularly worthy, as are the books for younger readers with similar illustrations. It is worth a trip to the city just to see these books.

Holiday Boxes of Stationery? Oh! Yes. Of course, "The Acorn" has the greatest line and widest variety of these boxes. The quality is of the highest also.

SAVE CREW OF 27 FROM H3 ASHORE IN HUMBOLDT BAY

Were Prisoners in United States Submarine Off California Coast.

Eureka, Cal., Dec. 15.—Twenty-seven members of the crew of the U. S. submarine H-3, imprisoned since dawn yesterday in the submarine, which went ashore on a shoal near the entrance to Humboldt Bay, were rescued last night.

Five of the crew were brought ashore on a breeches buoy at 5 o'clock. Within an hour the remaining 15 members of the crew and the two officers were rescued.

Lieut. H. R. Burgess, commanding the H-3 reported that his vessel was lying on a sandy bottom and had been closed up watertight and probably could be floated with minor damage.

Some chlorine gas had been liberated during the day. Lieut. Burgess said, from the submarine's batteries, but his men had not suffered greatly therefrom.

All the men imprisoned in the submarine suffered losses in the pasting which accompanied their surf-boarding yesterday a. m., the H-3 was more than 500 yards off shore when she nosed into the sand. When the darkness came last night she had traversed 175 yards under the pressure of the mountainous seas.

This progress, which was added, Lieut. Burgess said tonight, by emptying the tanks was the greatest factor in saving the lives of the crew, as her decks were too wave-swept at the greater depth to permit her crew to crawl out long enough to land aboard a buoy line shot aloft by coast guards from the Mare Island station. Pulling out in their cutter, the coast guard men finally made a line fast and the last man splashed to safety through the surf at 8 o'clock. Thousands of people witnessed the rescue.

Consequently a shot a line across the bow of the H-3 as darkness set in and watchers on shore saw the submarine become more steady in the roll of the surf as the line was made fast. Then a breeches buoy was rigged and five of the trapped crew were rescued.

In a dense fog the H-3 struck a sand pit yesterday while cruising down the coast from Puget Sound on her way to the Mare Island navy yard in San Francisco Bay. She was accompanied by the U. S. S. Cheyenne and the new submarine H-1 and H-2. Officers of the Cheyenne said they believed the accident was caused by the engine of the H-3 becoming dislodged.

Commander W. E. Howe of the Cheyenne directing the rescue work on shore, said the men had been able to keep alive by crawling beneath the conning tower and in this way escaping the chlorine gas fumes from the batteries.

MR. KELLEY NOT A CANDIDATE.

The report that Timothy J. Kelley is a candidate for the position of city messenger is denied by Mr. Kelley who states that he has in no way authorized the use of his name in connection with this municipal office.

KITTERY

Kittery, Dec. 15, 1916.

A business meeting and social was held on Thursday evening by the Epworth League Society of the Government Street Methodist church at the home of Mrs. Eva Lambert of Commercial street. During the social hour the president, Edward Maby, was given a pleasant surprise, it being the anniversary of his birth, when he was presented a pair of gold monogrammed cuff links by the members as a token of their esteem and appreciation of his services during his year as presiding officer of the League. Refreshments of ice cream and cake, including a birthday cake, were served. About thirty were present.

The Kittery Campfire Girls held a meeting on Thursday afternoon with the Misses Elizabeth and Caroline Curtis.

Mrs. Harold Leyden of the Intervene is able to be out after an illness.

At the meeting of York-Robert Ladies on Thursday evening the degree was conferred on a class of six candidates. After the meeting sandwiches, fancy crackers and cream were served. Several visitors were present from out of the state.

Miss Lena Ryland of Lawrence went to Saxtonville, Mass., today, to pass a few days with relatives.

Miss Hilda, wife of this evening will entertain the Amateur Club of the Methodist church this evening.

Mrs. Howard Moody of this evening was elected president of Storer Relief Corps of Portsmouth at the regular meeting on Wednesday evening.

The Knights of Metholun met this evening in the vestry of the M. E. church.

A. R. Young of Rogers road is enjoying a vacation from his duties at the navy yard.

Mrs. Adam Latta of Wentworth street, who has been ill for several months, is reported to be much improved.

Public Engagement, I. O. O. F., will hold a regular meeting this evening. The second degree will be conferred on candidates.

Fire, probably caused from a defective chimney, broke out Thursday evening about 9 o'clock in the 11th house near the boundary line between Kittery and Elliot and the interior was badly damaged before the fire was gotten under control. The house is now occupied by Mr. Wiland and son and his neighbors saved the greater part of the household furnishings. The fire department of Kittery and Kittery responded to the call, and made good time in reaching the burning house. Owing to some trouble the local fire alarm refused to work, and it was necessary to ring the Christian church bell, as has always been the custom in the past.

Miss Bertha Bridges of North Kittery was the guest Thursday night of Miss Helen Paul of Dime street.

First M. E. Church, North Kittery, Rev. H. W. Brooks, pastor; Mrs. E. S. Fisher, organist; Sunday, Dec. 17, 10.15, morning worship with sermon; text: "Let there be light"—Genesis 1:3-5; 12 n. Sunday school; 7.30 p. m., praise service with a short sermon.

FUNERAL NOTICE.

The funeral services of Mrs. Susan A. Smart will be held at the home, 165 Macey street, Saturday afternoon at 2 o'clock. Friends invited.

GIVEN MEDAL FOR RESCUE OF WOMAN

Mrs. G. W. Rodgrass Was in Danger of Drowning at Rye Beach.

Edward Wells Peters son of Attorney and Mrs. W. Scott Peters has received from the Massachusetts Humane Society, a button and a check for \$15 in recognition of his services in saving M. Jennie Rodgrass, wife of George W. Rodgrass of 42 Allen street Bradford district, formerly of Newburyport, from drowning at Rye Beach last summer.

Robert H. Noh and Alfred Noh, two brothers of Lawrence, have also received similar medals and checks for their heroism at the same time. Mrs. Rodgrass was saved by the three men on August 13 after a hard struggle.

The matter was brought to the attention of Massachusetts Humane Society by John Gilmarth, drawmaker and harbor master at the Haverhill bridge and it was through his efforts that proper recognition was made by the society.

Mrs. Rodgrass was in bathing at Rye Beach and swam a long distance from the shore when she became exhausted. The three young men saw her plight and made the rescue, which was a difficult one because of the prevailing conditions.

Mr. Peters is a student at Phillips Andover; Alfred Noh is a student at Portsmouth and Robert H. Noh is in business with his father as a contractor in Lawrence. Mrs. Rodgrass is a sister of Fred W. Peabody, who conducts a music store in Newburyport and in Amesbury.

KITTERY POINT

Kittery Point, Dec. 15.

Did you ever stop to think what islands do for harbors? What would our harbor be without the islands in it? The entrance is between two, Great and Gerrish Island. Pepperell Cove is fringed by Fairview, Cherry, Moore's, Clark's, Jammer, and Seavey islands make the western arm of the harbor. The islands are not like a fortress guarding Spruce Creek. This is an ideal site for a steamship and railway terminal. A true tide, deep water on all sides, only 15 minutes from and ocean making a landing night or day.

The Ladies Aid Society of the Baptist church held a Christmas sale and entertainment last evening in the vestry. The tables were arranged around the room and decorated in Christmas colors and were supplied with fancy and useful articles. Mrs. Melvin Blake and Mrs. Hiram Tobey presided at the apron and fancy work table, where a fine assortment of duty aprons as well as plain ones from small percale to the large bungalow style, brought ready sales. Fancy silk bags of many descriptions as well as other fancy articles, were also found at this table. At the candy table were found a variety of home made goodies to tempt one. Mrs. Frank Mitchell and Miss Hattie Mitchell were in attendance here. Mrs. Villa Mace and Miss Ada Boye were in charge of the cake table, the various kinds of home made cake, selling fast. Ice cream was also on sale. Mrs. Thomas Gray, Mrs. S. L. Woodbury, Mrs. Dorr and Mrs. Vest serving. The entertainment of the evening was a drama entitled "Maudens All Forth". Following is the cast of characters:

Maud, Elizabeth, Bertha, three cousins, Miss Emma Randall, Miss Doris Randall, Miss Bernice Billings. April fools, Marion Randall, Miss Maloney, cook, Edna Lewis, Dr. Jodya Dandy, Clara Gray. Following the drama a piano and was given by Mr. Maudie and Miss Hattie Mitchell. Prizes and victrolas were given.

Mrs. Daniel Friesbe, Lester Friesbe, reading, Miss Emma Randall, Solo, Mrs. Maudie, Mrs. Villa Mace. The W. O. T. C. was entertained by Mrs. Eliza Gray at her home on the Crockett's Neck road on Thursday afternoon, a fine attendance being on hand. It was voted to donate the usual offering to the Town House. Refreshments were served by the hostesses.

Mrs. Victor Ames entertained the Willing Workers at her home at the Intervene all day Thursday. Dinner was served and a very enjoyable time was passed by the members.

Mrs. George Lambert of the Harbor road passed Thursday as the guest of friends in Kittery.

Miss Dorothy Tobey arrived at the home of her parents, Mr. and Mrs. W. H. Tobey, from Northfield Seminary today to pass the holidays. Mrs. Sarah Searles and Miss Emma Adams of Crockett's Neck road were the guests of Mrs. Hiram Tobey at her home on the Creek road on Thursday, the occasion being the observance of Mrs. Anderson's birthday. Dinner was served.

A rehearsal for the Christmas music of the Baptist church will be held this evening at the home of Mrs. Hiram Tobey.

The two children of Mr. and Mrs. L. E. D. Seegar of Crockett's Neck road who have been ill with the measles are recovering and able to be about the house.

A large number from this part of the town are planning to attend the drama given by the senior class at Tripp Academy, Kittery, this evening.

Mr. George W. Blaisdell of this town has some exhibits at the poultry show in Portsmouth, capturing several prizes.

Captain Henry Marden of the Alice Howard is confined to his home by illness.

Miss Ethel Friesbe is restricted to the home of her mother, ill with a severe cold.

Mr. Frank Friesbe is having extensive improvements made on the rear side of his house, the work being done by Contractor Colby.

A very wonderful and yet common occurrence to be seen every day by interested spectators is the flight of the seaplane from the navy yard over the lower harbor.

Rev. Winifred Coffin pleasantly entertained the Sewing Bee at the parsonage on Thursday. Candy bags were made for the Christmas tree.

Work of removing the ledge from that part of the road near Port McChay has been completed, there being a very dangerous curve at this point. The removal of the ledge and straightening the road makes it much safer for travel.

Mrs. Wilmont of Portsmouth was the guest of Mrs. Oscar Clark on Thursday.

Two carloads of fish have arrived at the station for Friesbe Brothers.

Mr. Daniel Simmons of Southport, N. C., is passing a few weeks in town, substituting as engineer on the Alice Howard during the absence of Mr. Webber.

MODESTY FOR WOMEN AGAIN IN FASHION

Chicago, Dec. 15.—Modesty will get her first peek at the real styles for 1917 tomorrow, when the Designers' Association of Women's Clothes opens its biennial convention in the La Salle Hotel here.

If the styles themselves are not available, at least there is no dearth of information concerning them. Prominently featured is the fact that modesty in women's clothes again is coming into its own. Woman, dressed for the street, no longer will resemble a member of an Alpine chorus in a muslin show. Neither will she resemble the leader in a "flapper" band.

The short, plump lady in the short skirt, the tall, rangy one, who, attired for the day, looked like a chapter of revelations, will be no more. Beauty no longer is to be regarded as matter of glib display, say the designers, and lines, drapes, colors and designs are to be more desirable in dress than 1916's.

With the short dress problem solved, the association proposes to dilate upon the psychology of clothes. Their effect on women and the effect of styles upon their wearers. The theory that beautiful styles arouse beautiful thoughts in women and make them supremely happy will be illustrated at the convention by a group of singing models, probably the first in history.

Fifty clothing models, all of whom will participate in a popularity contest, will exhibit the styles and burst into appropriate songs with each garment.

Sombre brown or blue or black will have an accompaniment of sombre tunes, while merry strains will herald the gray, green or pink suits.

AN INVITATION TO A PARTY

A date all Portsmouth should remember is the 16th day of this December. You all will have a welcome hearty if you attend the White Elephant Party.

The elephants both small and great at the new Club House will congregate. The party begins at 3 p. m. And ends when we've disposed of them.

Now, men and women, walk up Middle Street.

And take advantage of this treat. The elephants will serve you tea; You see admission is quite free.

If you should have an elephant white And wish to get him out of sight, Wrap him up and bring him along, And let him join the happy throng.

An animal trainer will be there To hold the elephants high in air. While you all bid a ditty or two. Then hear a fine prize being won.

For a wild, easy action of the bowels, try Don's Regulants, a modern laxative, 25c at all stores.

LOCAL RED MEN ATTEND BIG DOVER POW WOW

Delegations Present From Many Places in Southern New Hampshire.

The Improved Order of Red Men held a big Pow-wow at the City Opera house, Dover, on Thursday evening.

Nearly all of the great chiefs of New Hampshire were present and took part in the activities. The two tribes in that city, Wonalancet and Kankamagus, were largely represented. Delegations from Milton, Farmington, Rochester, Somersworth, Salmon Falls, Portsmouth, Exeter and Newmarket were present. At 7 o'clock the members of Wonalancet and Kankamagus tribes formed a line of march to the railroad station to meet the incoming trains from Exeter and Milton.

The meeting at the Opera house was opened by Great Sachem J. H. Atkins of Exeter. The warrior's degree was exemplified by the degree staff of Wonalancet tribe of Exeter. The chief's degree was then exemplified by the degree staff of Pocasset tribe of Newmarket. Among the great chiefs present were: J. H. Atkins of Exeter, great sachem of the state; Richard H. Stirling of Newmarket, great prophet; Andrew M. Carlton of Conway, great senior saganmore; Frank DeMerritt of Manchester, great saganmore; Albert J. Weeks, P. G. S. of Exeter; Grand Representative and P. G. S., John J. Donahue of Manchester; Charles Bunker, P. G. S., George Henry, P. G. S., James Whitehead, P. G. S., at Dover; Eugene Foss, P. G. S. of Rochester; William P. Wallace, P. G. S. of Milton. John J. Donahue delivered a long talk during the evening.

Two carloads of fish have arrived at the station for Friesbe Brothers.

Mr. Daniel Simmons of Southport, N. C., is passing a few weeks in town, substituting as engineer on the Alice Howard during the absence of Mr. Webber.

The two children of Mr. and Mrs. L. E. D. Seegar of Crockett's Neck road who have been ill with the measles are recovering and able to be about the house.

SOMERSWORTH DOCTOR IS HOLD FOR MANSLAUGHTER

Dr. Grant Arraigned for the Killing of Harry L. Littlefield of Berwick Who Was Struck by Automobile

Somersworth, Dec. 14.—The County authorities are desirous of knowing all the facts centering around the accident which occurred last Friday night on Main street near Depot street, in which Harry A. Littlefield of Berwick was killed by being struck by the automobile of Dr. L. E. Grant.

This forenoon Sheriff Young, acting under instructions from County Solicitor Sherry placed the doctor under arrest and he was arraigned before Justice Joseph E. Cote Jr., clerk of the Somersworth Municipal Court, Judge Stevens being out of town.

The complaint charged manslaughter, the allegations being that he ran his automobile into Harry A. Littlefield, knocking him down and killing him.

The doctor's counsel was not present and a plea of not guilty was entered.

and the date of the hearing set for next Monday. It is necessary in a case of this kind for some judge of the Superior Court to set the amount of bail to be furnished and as soon as the amount is named friends of the doctor's will see that the required amount is put up. The bonds will no doubt be furnished this afternoon.

The doctor, while regretting exceedingly that the accident occurred, feels that he was exercising due care in operating his automobile, and that he could not possibly have escaped hitting the man.

He at the time stated that as he was coming down over the hill he saw him on the right hand edge of the road and that he turned the auto in toward the center to pass him. Then quickly the man in an attempt to cross the street stepped in front of his machine.

ALLIES WILL DEMAND ADEQUATE REPARATION

London, Dec. 14.—Andrew Bonar Law, Chancellor of the Exchequer, said in the House of Commons this afternoon that no proposals for peace had yet been received by the British Government from the Central Powers. He added that the Entente Allies required adequate reparation for the past and adequate security for the future.

Referring to the peace proposals of the Central Powers, Mr. Bonar Law said:

"In moving the last vote of credit, Mr. Asquith used the words: 'They (the Allies) require that there shall be adequate security for the future.' That is still the policy and still the determination of His Majesty's Government. The statement was received with prolonged and general cheers.

Some Encouragement Militarily
"Despite its blarney and arrogant tone, Chancellor von Bethmann-Hollweg's peace speech offers as much encouragement when considered from a military standpoint," said General Frederick D. Maurice, chief director of military operations at the British War Office, on discussing today with The Associated Press the military influence of the German chancellor's peace offering. General Maurice continued:

"Of course until we receive definite terms it will be impossible for us to discuss the German peace terms. The military reasons which led to their utterance certainly are not discouraging to us.

"The Germans know we are capable of a greater offensive than we launched last summer on the Somme, and they do not like the prospect. We are increasing our forces and our armaments and are improving our position. "Lately, independently but from similar data, we and the French have computed the German losses on the Somme and have arrived at exactly the same results, which may be expressed as follows:

700,000 Germans Lost in Somme Drive
"The total German loss in men was more than 700,000, which included 35,000 prisoners. In material we took 135

heavy guns, 139 field pieces and 1153 machine guns.
"It must be remembered that our prisoners were first-line fighting men from the front-line trench, while the recent captures made by the Central Powers consisted in large part of the army service medical corps and other practically noncombatant portions of the army which necessarily were picked up in operations like those in Roumania.

"Germany knows we are prepared to initiate a greater offensive at any place on the western front than on the Somme. When I talked to you last I said that Germany had made no important captures of men in Roumania, but just at that moment she was making a large scoop of prisoners from the Second Roumanian army. However, it is doubtful if the Germans will get a satisfactory Christmas dinner from the capture of food supplies in Roumania.

"Not being in Field Marshal von Hindenburg's confidence, I cannot tell how far he will carry his offensive, but he can undoubtedly go further."
Will Not Reject Proposals
Washington, Dec. 14.—The embassy of the Entente Allies here today reflected the view that Germany's peace proposals will not be rejected without examination but that the Allies in reply probably will call for a statement of proposed terms, so they may not be placed in position of unilaterally rejecting peace.

Million More "Tommys"
London, Dec. 14.—A supplementary estimate issued today provides for an additional one million men of all ranks for the army service during the present financial year. The original estimate was for four million men.

In moving a vote of credit of \$2,000,000,000 in the House of Commons today, Andrew Bonar Law, chancellor of the exchequer, decided to confine his speech entirely to the financial side of the war.

Today's vote of credit is the fourteenth since the outbreak of the war, bringing up the total for the present

financial year to \$3,750,000,000 and the grand total for the war to \$17,000,000,000.

While there is always a large attendance of members on the day a vote of credit is moved, even more than usual interest was shown in today's proceedings, owing to curiosity as to whether any change would be announced in the manner of financing the war and as to the reception by the Liberals of the new chancellor's policy.

Andrew Bonar Law, chancellor of the exchequer, announced this afternoon that the daily average expenditure of Great Britain in the war had risen to \$3,550,000. He said the actual expenditure had exceeded the estimate owing to the increase in munitions and additional loans to Great Britain's allies and to her dominions.

"Financially we cannot hope to go on indefinitely on the present scale, but we can go on long enough to make sure that it will not be from financial causes if we fail to secure victory," he declared.

The chancellor said the total amount of votes of credit since the outbreak of the war was \$19,200,000,000, including \$100,000,000 for extra administration expenses.

ITALIAN SUPPER AT YACHT CLUB A BIG SUCCESS

PROFESSIONAL AND VOLUNTEER NUMBERS MADE UP AN ENJOYABLE ENTERTAINMENT PROGRAM.

One of the biggest evenings in this season's Portsmouth Yacht Club's social calendar took place at the club on Thursday when Joseph Sacco was host at an Italian supper. More than 250 members and guests were served at supper and the entertainment included a number of novelties in addition to professional talent from the local theatres.

The menu was strictly Italian and proved a surprise to many of those present, especially a number of the vegetables, which were new to them and for which no name could be learned as those present from the Italian section refused to answer questions and the others did not know. But the failure to learn the identity of any of the viands did not spoil the appetites of any and everything disappeared in due time. The menu consisted of Spagetti, Italian style, roast beef and court lamb, Italian style, potatoes, pastry, rolls, leeks and cake and coffee.

Following the serving of supper Mr. Sacco, as host, presented an entertainment program that was a feature, containing a number of original turns by the Italian members of the club. These included dramatic, vocal and instrumental numbers which were entertaining and the audience showed their appreciation by their generous applause. Several vaudeville turns, loaned by the management of the Colonial Theatre, were also numbered on the program and the Quarter Deck Quartet, and Fore Castle trio were there with bell on. Supper was served at 8.00 o'clock and it was midnight before taps were sounded.

GERMANY TO SHIP MILK FREE TO POLISH BABIES

Berlin, by wireless to Sayville, Dec. 14.—The Rockefeller war relief commission, says an Overseas News Agency announcement today, has obtained permission to import from Switzerland 50 tons of condensed milk a month. "Seven thousand five hundred babies in Warsaw and 5000 in Lodz," adds the statement, "will thus receive a daily ration of milk. The German railroads will ship this milk free of charge."

The Norddeutscher Allgemeine Zeitung points out that the Rockefeller commission in several previous instances has provided the Polish population with supplies which could be only obtained abroad.

WOMEN GAINING PLACE IN THE WORLD'S WORK

That woman is coming more and more into her own is proven by the fact that each year as it comes shipping up adds a few more interests to her already varied list. The day is past and gone when a matron invariably grew stout and ready to don a grandmother's cap at thirty—and if perchance she reached that dread age without adding a husband to her collection of curios, she was promptly labelled "old maid" and carefully placed upon the shelf in lavender and rose-leaves. Modern inventions have sent household drudgery flying out of her path, while knitting, pouring tea and gossiping are being pushed farther and farther away to make room for her intense and natural interest in life in general and the big things of it in particular.

One of the most striking proofs of the attention being paid to the requirements, whims and fancies of woman today is in the planning of new hotels. No less a hotel than the Commonwealth, which is to be the greatest hotel in the world, has found it worth while to look carefully and particularly to the comfort of women guests. The Commonwealth is to occupy an entire block front in the Times Square neighborhood, in the heart of New York's theatre and shopping district. It is to have more concessions to the comfort and taste of women than any hotel ever erected or thus far planned.

An important part of the plan is to set aside for women an entire floor, where any feminist may be as utterly independent of mere man as she wishes. Even her meals may be had in her own particular domain if she so desires. There will also be space ample enough to accommodate comfortably and conveniently the largest of the women's clubs. The members may have during the women's special hours, all the privileges of gymnasium, swim-

ing pool, Russian and Turkish baths. And the club-woman who wishes to play golf, tennis or hand-ball may do so whenever she chooses. Whole floors will be devoted to families, too, and the mother who comes to New York on tours of shopping, business, sightseeing, or what not, may go forth on her various errands and leave her little boy or her little girl in safe and competent hands. The kiddies will not only not be neglected, but they will be highly and healthily entertained. Big, sunny rooms, fashioned for fun and toys and little children, will occupy a snug corner of the great hotel. Low tables will be there, and chairs that will not stand too high for short, chubby legs. Nor will the watchful eye of the hotel's special dietitians allow a single bit of food to slip in that is not just what is best to build healthy young constitutions. No germ will be permitted to sneak in through the scientifically clean kitchens to cause childish ailments. But even in case a germ should be so bold as to slip in through some other opening, the children's own doctor in their own hospital will speedily see to that bothersome germ.

In the barber-shop tiny chairs will hold tiny folks with curls to be trimmed or straight, contrary locks to be bobbed. So also will they have their own reserved seats with the dentist—where little snuggle teeth may be coaxed out without the aid of a string and a door.

Kindergarten classes, story-telling clubs and special moving pictures for children will be planned with all their appointments, and when tired mother comes back from her shopping tour, she may be delightfully entertained with accounts of happy adventures before a sleepy little form is ready to be tucked away in bed by her own hands. For the children's day is keeping pace with the woman's, and the modern hotel is planning a part in both.

PANAMA MINISTER COMPLIMENTS WILSON

New York, Dec. 14.—Dr. Belisario Porras, the Panamanian Minister, in addressing the Southern Commercial congress tonight paid tribute to the "political foresight" of President Wilson in securing the United States declaration of embargoes in the European war. "The United States today occupies today a unique position as a world power," said Dr. Porras. "Its greatness and its strength, its prosperity and its perpetual peace, make it foremost among the neutral countries of the world. Due to the political foresight of its distinguished President, His Excellency Woodrow Wilson and to the assistance of his able Secretary of State, Honorable Robert Lansing, the United States has succeeded in refraining from partisanship in the great war which is now devastating Europe and destroying the fruit of centuries of development in all that contributes to the welfare of humanity."

"Occupying this unique position, the entire world will undoubtedly turn its eyes toward the United States in order that they may take the initiative, at the opportune moment, in bringing an end to war by inaugurating a movement for international peace. When that day arrives, which I am confident will not be far distant, it is my hope that the United States will exercise its spirit of justice in such a manner that a treaty may be signed which will be satisfactory to the nations at war, and which may prevent, at the same time, the resorting to war in the future, by providing methods of conciliating and arbitrating all differences and disputes."

NOTES CIVIC ADVANCE PROGRESSES IN WAR

Washington, Dec. 14.—Wartime tendencies in civic advance was the theme about which most interest centered in the discussions at tonight's session of the American Civic Association. J. H. Hodge McFarland, president of the association declared that the world war has brought about peculiar conditions in the United States.

"There is a specialized stimulation of certain industries," he said, "prices are high and going higher, money is plentiful, and wages are increasing."

Looking over the United States in this wartime, one may readily note the strengthened tendency toward the recognition of man's responsibility for his not only rights, but needs for recreation. We have increasingly come to realize that we are our brothers' keeper. While America has undoubtedly profited by the demands made upon her markets, she has sent millions of money upon errands of mercy abroad.

"It is this recognition of almost the oldest Biblical commands that is the underlying reason, I verily believe, for the disposition for civic advance. This it is."

disposition. Instead of having been checked by the horrors of war, has increased and it is today, I believe, the strongest working force in the minds and hearts of the American people.

"Consider, as one of the wartime tendencies in America, the constantly increasing demand and provision for better recreational facilities for our people, not as a luxury, but as a necessity."

"One of the most encouraging of the wartime tendencies is the disposition to consider that the important half of our population yet living on the land and not in large communities, has not only rights, but needs for recreation. Through the promotion of country planning there is undoubtedly to come about some thought for the man with the hoe."

"Another of these positive tendencies for betterment is the way in which city planning is now being considered all over the land as the best way for oldest Biblical commands that is the underlying reason, I verily believe, for the disposition for civic advance. This it is."

DANGER IN GREAT GOLD SUPPLY, BANKER WARNS

Norfolk, Va., Dec. 14.—The United States faces a great potential danger in its swollen supply of gold, John C. Lauer, manager of the foreign department of the Crocker National Bank, San Francisco, told the Southern Commercial Congress here today. "Over and above all we have the need to build up and retain a favorable trade balance with Europe especially because of an accumulated gold supply such as has never been experienced before, and this in itself may throw

FREE TO THE SICK

DR. GRADY
Specialist

For years I have been treating all forms of chronic, long-standing, obscure and difficult diseases. By a method original with me and peculiarly my own I have successfully treated cases in which others have failed, and cured cases that have been given up as incurable by other specialists and reputable physicians. This method consists of a systematic application of the true elements of Psychology, healing in combination with the rational methods of Medicine and Surgery as practiced by me, and which I claim to be the true and natural manner of applying the healing art. In my use of this mode of treatment and application of it to this class of disease, I claim originally, although my universal success has led to many crude imitations. These barbarous, unnatural and unnecessary operations, the harsh and painful treatments, the needless exposures in examinations, and the old methods used by the ordinary practitioner are all done away with. This treatment is at once scientific, sensible and positive in its results. Although he treats all forms of chronic diseases, standing, obscure and difficult diseases and cures many so-called incurable cases, he wishes it thoroughly understood that if, after a careful examination of your case, he is in doubt as to the curability of it, he is frank to tell you so, and he reserves the right to reject any and all cases.

All Diseases and Deformities Treated

CATARH CURED—Consumption in the incipient stage, bronchitis, asthma, rheumatism, diseases of the nose, throat, lungs, stomach, liver, kidneys, sciatica, sores, ulcers, and all chronic blood troubles, eczema, psoriasis, piles, blotches and all skin troubles treated and cured.

NERVOUS DISEASES—Nervous Debility from any cause, hysteria, neurasthenia, chronic St. Vitus' dance, epilepsy, etc.; diseases of the spine, paralysis, locomotor ataxia, palsy and all such diseases positively cured by his "Tissue Cell Building" Treatment.

DISEASES OF MEN and weakness arising from indiscretions, excesses, overwork, etc., causing weak or falling memory, lost vitality, pimples, impure blood, falling hair, etc. Sufferers call at once. By his improved methods and remedies such sufferers are guaranteed immediate relief and a perfect cure.

CANCERS, Malignant Tumors and growths, all enlargements and glandular swellings removed and cured without the use of a knife. No pain. No matter what disease you are suffering from or how long standing, no matter how many physicians have failed to cure you, call on him. It will cost you nothing and you may profit by it.

Are You Sick? Are You Suffering? If So, Call on Him!

Not only will you be surprised at his wonderful knowledge of diseases, his plain, concise explanation of every cause and effect, but at the marvelous rapidity of his new common-sense, RATIONAL treatment, which goes to the very root of the trouble, giving almost instant relief and, in all cases that have progressed too far, A PERFECT AND PERMANENT CURE. No person should neglect or take any more medicine before consulting Dr. Grady.

COMING

Dr. Grady, the eminent and successful chronic disease specialist, begs to inform the inhabitants of this neighborhood that in consequence of the many applications made to him by various parties here and the suburbs, he has consented to come for one day only. He has made arrangements for those who wish to consult him and will visit by special request.

obstacles in the path of our commercial prosperity with the outside world. "From statistics we learn that since the beginning of the European war the gain in our supply of gold approximates \$550,000,000 which, with the normal production, has brought our gold stock to the stupendous figures of \$2,700,000,000. It is only fair to assume that this amount will continue to increase by leaps and bounds, so that before the war ends it may not be too speculative to assume that appreciable amounts will be further added thereto, with the result that the coffers of the United States will become virtually congested with gold.

"The first step taken by any European contemporary after the war will no doubt be that of attracting gold to re-establish their financial prestige. This can, of course, best be accomplished by again building up the commerce which they have temporarily neglected, and so endeavoring to create an increase of exports over imports with the United States, if it should be

"Our problems do not seem so much that of retaining the present stock of gold and gaining the remainder of the world's supply, but rather that of creating and maintaining after the war a favorable trade balance—and in our ability to solve that problem lies the solution whether the European war will leave this country richer or poorer."

Portsmouth, N. H., Friday, December 15, 1916.

Is Socialism the Remedy?

In an eastern city a few days ago H. W. Laidler of New York, organizing secretary of the Intercollegiate Socialist Society, delivered an address on the subject of regulating the cost of living, and it was natural that he should believe socialism to be the proper remedy for the conditions that exist. He advocated public markets and greater control of the distribution of food by the cities, the states and the nation. He would create a condition under which the public markets would buy direct from the farmers and sell directly to consumers and retailers, thus doing away with the middleman who stands between the producer and the consumer and takes too large a share for his part in the business of distributing farm products.

The idea of the public market is not new, but Mr. Laidler would go farther than has been heretofore advocated. Instead of making public markets mere stations where producers and consumers could come together to their mutual advantage he would have them controlled and managed by the public authorities. He believes that great benefits would result. He says that most large foreign cities own their market facilities, and that this results in large savings to the people. Mr. Laidler said that in this country for every dollar's worth of produce 65 cents goes for distribution and 35 cents to the producer, while in Paris the cost of distribution is only 20 cents on the dollar, the balance going to the producer.

Yet it is a question whether the cities of this country are ready to go into the marketing business, and whether the step would result in such a saving as Mr. Laidler believes it would. It is very difficult, if not impossible, to keep any public business in this country out of politics, and it is to be feared that a mixture of politics and marketing would leave the last condition of the people worse than the first.

Open competition is the proper remedy for the condition that exists today, if it is possible to bring it about. The cornering of foodstuffs must be stopped if there is any way to stop it, and it would seem that the law makers, state and national, ought to be able to do this. With a fair chance guaranteed to all, the law of supply and demand could be trusted to shield the people from such extortion as has been practiced of late. But if this cannot be had the people will soon be ready for socialism or any other ism that promises relief.

The government's investigation into the cost of living is proceeding and all are hoping for helpful results. But, as a rule, these public investigations move slowly and it is to be feared that the pinch will not be ended right away. After all, the berths of the food speculators will not be quite so comfortable when they know the authorities are on their trail.

A Catholic priest in Paterson, N. J., has forbidden the members of his parish to throw rice on wedding occasions and to tag the baggage of bridal couples when they start on their wedding tours. These are very foolish practices, but they have the tenacity of many other follies and it will be a long time before they are entirely done away with.

Secretary Daniels thinks the pay of every enlisted man in the navy should be increased \$5 a month. This may be so, but the idea that the men in the army and navy are there for the pay they get is one that should not be entertained. When cash becomes the basis of enlistment it will be time for this country to throw up the sponge.

"Tit for tat." Whistler, the artist, when living in London used to deny that he was born in the manufacturing city of Lowell, Mass., and now that city rises in its dignity and refuses to name a new park after him. Let everybody whistle.

Reports from Washington are to the effect that all the members of the president's cabinet will retain their places. The official family that was not broken up in November is to remain intact after March 4.

The mere intimation by Germany that she was ready to consider peace resulted in a decided tumble in the wheat market. Rather plain evidence that the present price of flour is not due to a shortage.

It is claimed that only a small proportion of women in the suffrage states voted at the last election. However, those who did vote fired a shot that was heard throughout the country, if not around the world.

Food speculators are promptly punished when convicted. And it is safe to assume that they are also adequately punished.

EDITORIAL COMMENT

One View of the Portsmouth Election.
(From the news column of the Concord Patriot.)

Portsmouth voters like the present national administration so well that yesterday they decided to try it out in city government affairs, electing Mayor Samuel T. Ladd and giving him a Democratic majority in the city council, so that he can work for the city's interest unhampered. Business has been booming at the Navy Yard ever since President Wilson has been at Washington, with the result that the merchants of the city have been doing the most prosperous business in years and the good times have helped out all classes of citizens there.

Last month, Portsmouth gave the President a substantial endorsement at the polls and yesterday they carried it through to a logical conclusion. Republican dissension played a part in the day's doings, as the G. O. P. leaders have been openly at odds and threats of reprisals have been made openly for the defeat tag placed on Tom and Bill Entwistle, Nov. 7. There have been other party differences which were not settled before the balloting, as used to be the way in the good old days when the machine was powerful and was obeyed when the word to forget was passed along.

Another Democrat, well known in Concord, who was successful at Portsmouth, yesterday, was Robert J. Kirkpatrick, elected councilman-at-large. The Democrats did not name a candidate for mayor in Keene, and George H. Eames, Jr., the Republican, was given practically a unanimous election for mayor.

An Idea To Be Annihilated

(From the New York Times)
The fact and the ideal of Prussian militarism must be annihilated. The German ideal of Germany triumphant, dominant, the rest of the world in subjection, must pass from the German mind. That is the only basis of an enduring peace.

To Check Murder by Germs

(From the Springfield Republican)
Moved by the ease with which Arthur W. Wolfe, the murderer, obtained deadly germs from different laboratories in New York, a Brooklyn physician has framed a bill for the registration and supervision of the sale of laboratories from which deadly germs are obtained. Persons who have murdered in their hearts can usually find ways for letting it out, but society does well to erect as many safeguards as possible. Doctors will always claim easy access to deadly drugs and germs but the record of what they take away may well be kept against a time of need.

A Significant Word

(From Topics of the Times in New York Times.)

In the proclamation issued by the German Government, the other day, half appealing and half commanding the German women of every rank to enter the public service as actual workers, there was one curious and significant phrase. As translated, it characterized as "idiotic class distinctions" those lines which, more rigidly in Germany than in any other European country, except perhaps in Austria, have divided the population into little less than separate species.

If these distinctions have come to seem "idiotic" to the rulers of Germany, then it would indeed be impossible to exaggerate the influence toward democracy which the war has exerted, for certainly, before the war, the dividing lines between class and class were held to be natural, immutable, and commendable—in short, necessary for the existence of society as in Germany it ought to be.

There a man or woman was "born" or was not, and that ended the matter for him or her, and it also decided the things he or she could and could not do. All that is ended if class distinctions really were called idiotic in an official proclamation of high prevalence.

The change would be so enormous, however, that one is almost forced to doubt the accuracy of the translation.

Georgia's Plain Duty

(From the Atlanta Constitution)
There is no secret about what must be done if Georgia would save herself from threatened disaster. herself in some sections, has already become serious.

In the first place, there must be no more mobs. Mob and mob spirit must be eliminated completely, so completely that there will be no danger of recurrence. If a negro be charged with a crime, even if it be known that he is guilty, he must be given the same fair treatment before the law that is accorded the white man. If anything, it would seem that ignorance and childlessness demand even more consideration than the crime which lacks that excuse.

But more than that, we must be fair to the negro. There is no use in beating about the bush; we have not shown that fairness in the past, nor are we showing it today either in justice before the law, in facilities accorded for education or in other directions.

Argue it as you will, these things which we have not done are the things which we must do, or Georgia will suffer for it in proportion as she fails. Many Georgia counties have al-

CURRENT OPINION

Honesty and Integrity Are Essentials to Business Success.

I am not one to dwell on saving pennies. Be bold and take reasonable risks. The boy in the workshop has the same chance to succeed as the boy in the university.

A pleasing personality is one of the important requisites for success. Be a gentleman at all times.

Honesty and integrity are absolute necessities. Be proud. Hold up your head when you talk to men of affairs. Never cringe and always hold a stiff upper lip. Money is not a success. It is a mere measure.

There are more opportunities for success today than ever. It is no crime to make a mistake once. To make the same mistake twice is unpardonable.—By Charles M. Schwab, Steel Magnate.

ready begun to feel the pressure and they are crying out.

The awakening has been long in coming, but the growing signs of it are the more gratifying. Let's encourage it, bring it quickly. There is, perhaps, no single factor that means more to Georgia's future progress.

Water Will Find Its Level

(From the Buffalo Express)
Boston is to have a wet-dry election on the nineteenth. It is said that the saloon men are becoming very much alarmed. If the prohibitionists keep gaining they may discover that the present plan of government of the United States is quite adequate for their purposes and that amendment of the Federal Constitution is unnecessary.

The Great Fall in Cotton

(From the New York Herald)
To attribute the great decline in cotton to the Government's estimate of this year's crop merely because it occurred when the figures were published is a misleading and hasty inference.

A little more than two years ago cotton was almost unobtainable at eight cents. Of late there has been a wild bull speculation in which the price was lifted to the high figure mentioned above, with all sorts and conditions of men buying it on margin—pure gambling.

The high price checked purchases for export and for domestic consumption, making ultimate reaction inevitable, for the law of supply and demand has not been repealed.

Save Paper

(From the New York Evening Post)
Paper-economy campaigns are said to be the order of the day, in department stores and elsewhere, in a number of large cities. Nothing could be more sensible, to save paper that is needlessly used or destroyed is to make a clear gain in a matter in which modern wastefulness is enormous. Would it not be possible to organize a cheap means of collecting the newspapers which are burned up or otherwise go to waste by the million every day in our great cities? The destruction of forests which is caused by our waste of paper in so many directions is the most serious consideration in the matter, though just at the moment it is the extraordinarily high price of paper that is most in mind. (One new development in the consumption of paper has reached great dimensions within a very short time, and it would be interesting to know how much it amounts to in the general assault upon our wood resources. We refer to the paper towel—or rather so-called towel, for towel it is not in any tolerable sense of the word. Is the economy in laundering worth while, when we consider both the destruction of raw material in the towel and the lowering of human dignity in the using of it?)

Was it a Diplomatic Crime?

(A naturalized Austrian in New York Times.)

I am less concerned with the fate of the Hohenzollerns than with the future of my old country—Austria. And as an American citizen of Austrian descent, I heartily enjoy the "chill" William had caught two days before the funeral of Francis Joseph. Could his ambassador and other henchmen in this country tell us whether that chill which prevented the robust German war lord from rendering his last homage to his faithful ally, was of a medical or diplomatic-dynastical origin? What? A man who, for the last two years and a half, braved all sorts of weather on the battlefields of France, Poland, and the Balkans could not stand, for barely fifteen minutes, a funeral ceremony in the well-heated St. Stephen's Church of Vienna?

This has probably been the first clash between the two monarchs. Charles J. has made the first step to reconquer his capital for his dynasty and his faithful Austrian people. Not William II, but Charles I, with the kings of Bavaria and Saxony, the descendants of Francis Joseph's faithful and anti-Prussian allies of 1866, close behind him, headed the royal peasant and William's heir, the Pickwickian hero of Verdun, had to take a back seat.

Poor Francis Joseph had not been emperor of Austria since June 28, 1914, the day of Archduke Francis Ferdinand's assassination; Emperor William was the overlord of Vienna; his ambassador, Tschirsky, was, by the way, the overlord of the Austrian General Staff a mere annex to the Grosser Generalstab in Berlin. Meagre as the news from Vienna is, we know so

much—that within less than one week Charles I dismissed the old field marshal, Archduke Frederick as commander-in-chief of the Austrian Army, replacing him with the young, able, energetic Archduke Eugen, at the same time taking, in the person of his confidant, Prince Hohenlohe, hold of the supreme direction of foreign affairs of his empire. He also took to the field, not as a royal vassal but as consul of equal rank with the armies of the Quadruple Alliance. In a few days Charles I will open the Austrian Parliament, whose doors were closed since the outbreak of the war, and place Hungary's crown on his head.

Since General Joffre and his officers, even the ultra-radical French statesmen, are not ashamed to attribute the victory on the Marne to the spirit of Joan of Arc, an old Austrian, need not hesitate to confess that I see the spirit of Empress Maria Theresa hover over her old palace in Vienna, seeking revenge for the Sillesian robbery.

Easy Going, Hard to Get Back

(From the Topeka State Journal)
Germany is doing to Roumania what she did to Belgium and Serbia and tried to do to France. The Kaiser is getting far from home. In striving to be a second Napoleon he should not forget what happened to the emperor when he penetrated Russia as far as Moscow.

Suggests a Masked Battery

(From the Springfield Republican)
The urgent proposal of the committee on evangelism of the federal council of churches that evangelists should be paid on a salary basis, with "free-will offerings" barred, raises a question that has more than one phase. It seems to imply that evangelists ought to be connected with some formal organization, in a position to pay salaries, and that evangelists unwilling to do business on that basis would be undesirable. Is the committee shooting at Billy Sunday from a masked battery?

Symbols of Hospitality Passing

(From the Cincinnati Times-Star)
Bread and butter formerly seemed the gift of your "host" at hotel and restaurant. You could cut it or leave it according to your whim. It almost recalled you to the modern system of gouging that obtains in our gilded shrines of Epicureanism, where attaches are becoming more prevalent in slinging and playing than in cooking and serving. You did not object to paying the salary of the waiter instead of leaving that duty to his employer. You rather joyously compensated the pretty coat girl, although you knew that the hotel had rented the tipping privilege to some rude man and that she was smiling at you on a meagre per diem basis. There was that bread and butter to prove there was something of an hospitable equation between you and the man called "mine host." And even when the prices of entrees, vegetables, desserts and everything else were raised horizontally and on the principle of what the traffic would bear you regarded the extra charges with equanimity. For was not that offering of bread and butter still maintaining in slender degree the fiction of an innkeeper's hospitality?

But, alas, the ancient fiction is disappearing. Two of Cincinnati's principal hotels have adopted a charge of ten cents for bread and butter, emulating, it is said, the hosteleries of New York. We regret this passing of an old custom. Personally we should have preferred to pay the clerk behind the desk ten cents admission. Ah, but do not despair! We still have the salt, the pepper and the ice in our glass as symbols of hospitality. But, horrors, perhaps we are making a suggestion that will be swiftly acted upon. In this clutching at straws we may be pointing out new sources of revenue.

MUST PAY MORE

E. & M. Wants More Money for Carrying Legislators.

Representatives of the passenger department of the Boston & Maine railroad have been in conference with Secretary of State Bran this week in reference to the making of a new contract between the railroad and the state for the transportation of members of the legislature and state officials.

Under the terms of the contract which has been in force since legislative free passes were abolished, the state has paid one cent a mile for each transportation, this being the "whole-sale" rate then granted to conventions,

etc. Now this rate is two cents a mile, and as Governor Spaulding and Secretary Bran do not think the state should be put in the position of asking for a lower rate than the general public receives, it is probable that the new contract to be signed upon the return of the Governor from Washington will be at the two cent rate.

This will double the payment made by the state to the railroad, which has been hitherto about \$12,000 for each legislative year and about \$2,500 for each "off" year when the transportation bought was for state officials only.

NAVY YARD NOTES

Vessel Movements

The Amphitrite has arrived at New Haven.

The Birmingham at New York.
The Denver at Corinto.
The Glacier at La Paz.
The Hancock at Monte Cristi.
The Lamson and Monaghan at Key West.

The L-3 at Norfolk.
The Baltimore, Connecticut, Florida, Michigan, New York, San Francisco, Texas, Utah, Wyoming, Cummings, Davis, Nicholson, Rowan, Sampson and Yankton from Hampton Roads, for Provincetown.

The Cheyenne from Astoria for Humboldt.
The Mayflower from Norfolk for Hampton Roads.

The Pennsylvania from Hampton Roads for New York.
The Memphis ordered placed out of commission.

Naval Orders

Captain M. L. Bristol from command the North Carolina, December 28 to naval war college.

Lieut. Commander A. Buchanan, naval war college to division of the naval militia affairs.

Jr. Lieut. P. T. Chew, division of naval militia affairs Jan. 31, to the Puget Sound yard.

Jr. Lieut. W. M. Quigley the Fulton to command the F-3.
Ensign H. E. Kelsker, the Tonopah to the Fulton.

Paymaster J. S. Beecher, the Brooklyn to naval station, Cavite, P. I.

Gunner N. L. Damon the San Francisco to the Fulton.

Chief Pay Clerk A. W. Barnes, the Charleston to naval hospital, Washington, D. C.

A New Turbine to Go In

A new 1000 h. p. turbine engine will later be added to the yard lighting and power plant. The installation of this type engine is brought about mostly for the service needed in connection with submarines.

A Busy Trip

Master Electrician F. W. Maby who recently left with the party for Washington will visit the Norfolk and Philadelphia yards before his return, also several leading electrical plants in New York and other places.

Boy Scouts at Yard

Troop 3, of the Boy Scouts of Christ church visited the yard on Thursday and found much interest in the new submarine and a trip through the U. S. S. North Carolina, naval hospital and prison.

Not Coming for Holidays

The latest reports from the U. S. S. Washington indicate that the ship will not be here for the holidays. However, she will come in for a short stay on January 4 and will probably leave on the 5.

Showing How It Works

A representative of the Buffalo Transportation Company is at the General store today instructing the employees in connection with the use of the automatic warehouse electrical truck just added to the supply department.

PEOPLES' OPINIONS

In last evening's issue of The Herald it was stated Chief Woods had turned over \$50. as a donation from the Portsmouth Firemen to the Salvation Army. This statement is not correct. The facts are the committee met Wednesday evening to complete business of the Firemen's Convention held here Sept. 27-28. All bills being paid there was a small balance left over and it was voted to donate \$25.00 to the Salvation Army; also \$25.00 to the Associated Board of Charities, for charitable purposes as a gift from the Portsmouth Fire Department. I make this corrected statement for the benefit of all concerned.

(Signed) CHAS. H. KEHOE Sec'y. of Committee.

(Continued from Page One.)

STORM WARNING ISSUED

(Special to The Herald)

Washington, Dec. 15.—The weather bureau at noon today issued the following storm warning: "Violent northeast storm warning. Atlantic to Boston. Storm over Canada moving northeast. Will probably cause severe gales."

You will not be a member of the gloom seekers if you read The Herald regularly.

I WONDER

If that city hall official will entertain the kids again this year?

Why the two famous bowling teams, the Kullerbockers and the Peddlers have disappeared from the map of the sporting world?

If that long looked for new fire station will come this year?

If the State Firemen's Association have their eye on Portsmouth for the third successive convention?

If there will be any free rides behind that gas locomotive when the Boston and Maine railroad has the initial trip on the Portsmouth and Dover branch?

If the candidates for keeper at the playgrounds have lined up as yet?

If the Portsmouth Driving club is going to show us any new horse flesh on the speedway this winter?

When that new nurses' club will have the opening night?

If a few loads of gravel would not improve Water street and other highways in the South End?

If any city the size of Portsmouth has the same number of charity workers?

When that party of Portsmouth people will start the walk to Newburyport?

If that electric railroad man can tell us whether the last robin has disappeared, or the first one arrived?

If the proposition to dam Great Bay for fresh water talked of for a number of years, doesn't look good now?

Why so many people take a nap at the postoffice windows with a closed vestibule waiting for service?

HEARING AT CONCORD

A hearing was held before the public service commission on Thursday on the request of the Antrim-Bennington Electric Light Company for authority to purchase the electric property of the Goodell Company of Antrim. The Antrim-Bennington Co. was represented by Robert C. Bacon, chairman of the public service commission of Vermont and John E. Benson of Keene, former chairman of the New Hampshire public service commission, appeared for the Goodell Co.

ALLIES IN CONFERENCE OVER PEACE PROPOSAL

Paris, Dec. 13.—Diplomatic exchanges which are understood to refer to the German peace proposals are understood to be taking place between Paris, London and Petrograd.

The electric railroad is obliged to remove some of the frozen mud on Miller avenue in order to move their cars.

TORPEDO BOAT
GRILSE IS SAFE**Canadian Vessel Limp Back**
Into Shelburne, N. H., Under Own Power.

Hallifax, N. S., Dec. 15.—The Canadian torpedo boat Grilse, formerly the American yacht Winchester, which was believed to have been lost with all hands in the storm off the coast on Tuesday night, came into the harbor of Shelburne, 60 miles southeast of here under her own power last night.

Six members of her crew perished in the storm and a number of the others were injured. The remainder, including all the officers were reported as safe.

Evidence of the vessel's encounter with the gale and heavy seas were visible about her decks, some of the fittings of which had been swept away and she was also said to be leaking. Damage to her wireless outfit prevented her from sending any messages after the distress calls.

The Women's Club House was a busy place today, a stream of people going in and out all day told the public that the Girls' Club was holding its Christmas sale of fancy and useful articles. Many dropped in for tea and the sociability of the afternoon.

City Council Votes Money to Start Work at Once on Petition of Board of Instruction—Question of Frenchman's Lane Settled

At the city meeting held on Thursday the city council passed two resolutions which marks a forward step for Portsmouth in the starting of an Evening School in the city. The resolution was presented by Councilman Borthwick on a petition presented by the Board of Instruction, which had in turn been petitioned by more than 200 of the citizens in Portsmouth, the list containing the names of nearly every business man and prominent citizen of the city.

Superintendent of Public Instruction James N. Pringle, who was present, was asked to explain what the establishment of an evening school in this city would involve. He said there was a wide field for such a school and that for the past six years, through the efforts of the Civic League and other public spirited citizens such a school had been maintained and had accomplished much good among the foreign citizens and young people who had been obliged to leave school and go to work. In speaking of the expense Mr. Pringle said that these schools usually required \$500 to \$800 a year for their maintenance, but he believed that less would be required in this city.

The resolution presented by Mr. Borthwick simply called for the establishment of an evening school in accordance with the law which requires cities of 5000 inhabitants or more to establish evening schools upon petition of 5 per cent of the inhabitants. The matter of funds was left to the council of 1917, but to make it possible for the establishment of the school prior to council action, Mr. Pringle stated that no money would be necessary just at present. The resolution was passed unanimously.

Before the meeting closed Councilman Raynes presented a resolution transferring \$100 from the contingent fund to a special fund for the establishment of an evening school, and the resolution was passed.

lishing of an evening school, and the resolution was passed by the council.

The meeting was presided by law to "canvass the votes in the municipal election" and on motion of Councilman Sullivan the election of Samuel T. Ladd as mayor, was confirmed. Councilman Borthwick moved that the council confirm the election of Councilmen-at-large Raynes, Kirkpatrick, Wendell and Gray. The motion was passed. Councilmen Matthews, Borthwick, Raynes, Hett, Paterson, Sullivan, and Wood, were present.

A petition signed by Charles Walker, James N. Pringle, Richard D. McDonough, Jessa McDaniels and Blanche Boynton, that the South Ward Room be used as a recreation room for children in that district was granted. A claim of \$25.00 against the city for damages to the Court Street Christian church, alleged to have been sustained by the blowing over of a tree onto the building, was referred to the city solicitor.

The long disputed question as to the status of Frenchman's Lane was brought before the meeting. Councilman Borthwick presented a resolution that that part of the lane between the gates of the Morley Button Manufacturing Company and the railroad tracks be discontinued, and the part between Islington street and the Morley Button Company's gate be maintained, as a public highway. Councilman Hett moved that the resolution pass, seconded by Councilman Paterson. Councilman Sullivan, the member who first brought the question to the attention of the council three months or more ago, protested the passing of the resolution. He stated that the resolution was in favor of the corporation and that it was against the wishes of residents of that section of the city, and urged that the corporation be forced to pay the city for the road in regular purchase before they acquire the title. Councilman Wood questioned the advisability of having a public hearing on the matter and if a public hearing was not necessary. This was referred to City Solicitor Waldron who stated that a public hearing was not necessary.

Attorney Samuel W. Emery, speaking for the Morley Button Company, explained that the Morley Button Company already owned the land contained in the roadway and that the only question was should the city maintain the roadway as a public way. This was confirmed by City Solicitor Waldron. On the original question of the passing of the resolution the resolution was finally passed. On the roll call Councilmen Borthwick, Hett, Paterson, voted "yes." Councilmen Raynes, Sullivan, Woods, voted "no." Mayor Ladd voted "yes" as there was a tie, and the resolution passed, the city to hold the highway from Islington street to the gates of the Morley Button Company, the abutters to have all the rights to the road that they would have on any other highway, and the city to discontinue, as a public highway, that part of the lane from the gates to the end of the lane, across the railroad tracks. A resolution was passed authorizing Auditor Leighton to make the necessary transfers of funds to close up the books for the fiscal year of 1916. Bills to the amount of \$1254.63, continued.

PERSONAL PICKUPS

John Pender is in Concord today. Mrs. E. S. Kent has returned from Boston.

Miss Helen Walker passed Friday in Boston.

Miss Teresa Coffey passed Thursday in Boston.

Mrs. E. Curtis Matthews passed Friday in Boston.

Mrs. Clifford W. Bass is visiting in Boston and Connecticut.

Dr. J. W. Gordon of Ogunquit was a visitor here on Thursday.

Mrs. E. B. Dixon and Miss Virginia Bourlier passed Friday in Boston.

Mrs. Frank A. Belden of Broad street is spending the day in Boston.

Miss Mildred Roberts left Friday for Boston to pass the week-end with friends.

Frank H. Leavitt contemplates a trip to the Bahama Islands early in January.

Mrs. Harry W. Peyser passed Thursday and Friday with her mother in Boston.

Ex-City Messenger Winfield S. Lord on Friday quietly observed another anniversary of his birth.

Mrs. A. C. Heffenger and daughter Frances were in Boston on Thursday and attended the Allied Bazaar.

Mrs. Sarah Littlefield, of York has been discharged from the Portsmouth hospital, following a surgical operation.

County Commissioner George A. Carleton of Exeter was here on Friday to attend the weekly meeting of the commissioners.

Mr. and Mrs. Charles H. Partridge are rejoicing over the birth of a son on Thursday afternoon who has been named Raleigh Stevens.

Mrs. H. Clinton Taylor and family leave Sunday for Haverhill where they will remain until after the holidays with Mrs. Taylor's mother, Mrs. Hobson.

Wilfred I. Caswell, ship's writer in the office of the Superintendent of Coast Guard stations in this city, has been called to Manchester by the serious illness of his mother.

Mrs. Mae Gowen, Mrs. Harriet Moore and Mrs. Elizabeth Wood of this city attended the recent meeting of Old York Chapter D. A. R. held with Mrs. C. A. Nason at York Beach.

CITY BRIEFS

Funny moves in the stock market. The prices on woman's footwear are staggering the fair sex.

Really, you had better start in to do that Christmas shopping.

The ship early slogan is receiving much attention in this city.

Things are moving along most satisfactorily at the paper mill.

There is a well reasoned opinion that the horrible war is about over.

The new pastor for the Catholic church, Kittery, has been appointed.

Portsmouth visitors to the State Grange at Manchester report a fine time.

An Elliot man claims the biggest catch in cod for years. Where did he get them?

The situation in London, Paris, and Petrograd indicate that there is something serious in the change in governments.

The Democrats are opposing with much vigor some of the recent Democratic converts who are watching out for the plums.

The Mothers' Club of the Congregational church met at the parish house this afternoon. "Your child and the average" was Mrs. Thayer's topic.

The Woman's Auxiliary of the Y. M. C. A. held the first in its series of rummage sales on the ground floor of the Y. M. C. A. building Thursday afternoon.

MARRIED IN DOVER

Andrews-Booth Nuptials in That City Thursday Night.

A very pretty wedding took place in Dover on Thursday evening when Miss Amy Booth of that city was united in marriage to Raymond W. Andrews of Portsmouth.

The ceremony was performed in the rectory of the St. Thomas Episcopal church by Rev. John A. Chapin with only the immediate relatives present. The bride was attended by Miss A. Joy of South Berwick and wore white tulle with hat to match.

The best man was George Jones of Portsmouth.

A reception followed at the home of the bride, No. 46 1-3 Grove street where a beautiful and costly collection of wedding gifts were displayed.

The groom is one of the best known

Useful Christmas Gifts

Something to wear makes the ideal Christmas gift for every member of the family, no matter what age or position in life. Especially do ladies appreciate something to wear, and at this store, with our immense stocks and pleasing selections you are sure to choose just what she would like best.

Furs

make delightfully acceptable gifts and they are so appropriate. Cold weather demands warm clothes and nothing gives more comfort than furs. We have a splendid lot of new pieces, mink muffs and coats to choose from and at many prices.

Sweater Coats

make especially welcome presents. They are so handy for out-door wear—motoring, skating, coasting, riding or strolling. We have a big selection in many colors and styles; prices from \$1.00 to \$10.00.

New Dresses

Serges, poplins, taffetas, crepe de chine, and velvets.

NEW WAISTS

New lingerie waists, silk and Georgette.

NEW COATS

New coats in plushes, mixtures, velours, and fur.

NEW SKIRTS

New skirts, kimono, silk petticoats and white goods.

THE WHITE STORE

60 Market St., Portsmouth

young men of Portsmouth. He has for several years filled the position of manager of the S. K. Ames store on Congress street.

The bride is justly popular in her home city where she has for some time acted as bookkeeper at the Woolworth store.

Their numerous friends and acquaintances in this city and Dover join in wishing them much joy and happiness.

They will reside in this city at No. 297 South street.

VISITED HIS PARISH.

The newly appointed pastor for the recently made Catholic parish in Kittery, visited the parish on Thursday, accompanied by Rev. D. J. O'Brien of South Berwick, and made preparations for taking up his residence in the rectory.

ANTI-SUFFRAGE NOTES

At the Colorado Federation of Women's clubs meeting at Glenwood Springs in September, Prof. C. G. Sargent of the Colorado Agricultural college gave an illustrated lecture of the poor and inadequate buildings and equipment of many of the rural schools.

When women vote the school teachers go into politics and the results of their political activity react disastrously on the schools. This is being clearly shown both in Denver and in Chicago.

The Rocky Mountain News of Oct. 23, under the heading "Politics in Schools" says:

"The Denver Civic and Commercial Association has been giving a good deal of attention and rightly so to the educational system of Denver. Rural education is not up to the standard, and Denver of late has fallen away from the former high ideals. It must be taken as an axiom that so long as the educational system of a city or a whole state is allied with partisan politics it cannot keep up to the standard requirements. The reason why a rural school system is condemned by expert and federal examiners is because the local management use the school patronage in various forms and refuse to permit their legislative representatives to support educational reforms. So long as politicians use the board of education as a stepping stone to get to Washington and remain there so long will there be politics in the school and school managements in evidence at election time."

Why do woman suffrage communities revert to utter lawlessness? States Attorney Hoyne of Chicago, says conditions there are those of a frontier camp, under the rule of the vicious. He declares there has been nothing like it in Chicago in fifty years. In Seattle the disorder is so great that a citizens' law and order committee has been formed, as in early pioneer days. A party of armed thugs left Seattle recently for Everett, where they shot and killed a number of deputy sheriffs who tried to prevent them from landing. Hy Gill, the mayor of Seattle, prime favorite of the suffragists, is warmly defending the law-breakers.

Let the Herald brighten your home. It is the people's paper and it believes in boosting.

LECTURE ON POULTRY BY COLLEGE PROFESSOR

With an attendance greatly increased over the day before the second day of the third annual show of the Portsmouth Poultry Association was one of the big attractions last evening. The interest was divided equally among the many classes of birds on exhibition and the wonderful pictures which are being shown twice a night, at 7:30 and 8:00 o'clock, which were taken under the direction of the U. S. Department of Agriculture, Poultry men all over the country, who have seen these motion pictures, say that they are of immense value to anyone interested in the business, and are equally interesting to the layman.

This evening Professor Mitchell, head of the poultry department of New Hampshire State College, has been engaged and will deliver a lecture on the practical necessities in making poultry raising a success. Professor Mitchell is among the highest authorities on poultry in the state and his lecture should prove of value and interest. Mr. C. C. Smith of Wilton, the champion chicken plover of New Hampshire, will be a visitor at the show this evening, and because of the many demands made on the management by patrons an effort will be made to have him stay over for Friday and Saturday to give an exhibition of his methods of picking chickens. Mr. Smith has a large poultry farm at Wilton and many of his prize birds are entered in competition.

Both Mr. Ballou and Mr. Shove, the two judges, are enthusiastic over the Portsmouth show and while they admit others may be larger they say that few have any more class than this one. Mr. Ballou is recognized as one of the best judges in the country on white poultry and Mr. Shove's reputation was good enough to put him at the head of the judging department, for particularly colored birds, at the Pan-American Exposition in California. They have practically completed their work and all of the exhibits will be marked with their ribbons and the exhibitors' names by this afternoon when the show opens.

Awards made yesterday by the judges, complete to midnight, are as follows:

TURKEY PRICES DEPEND ON WEATHER CONDITIONS

It appears to be up to the consumers and the weather, almost entirely to govern the prices to be charged for turkey in the local markets previous to Christmas. In a nut shell the weather and demand will govern the prices. It is believed at this time.

Weather similar to that experienced throughout this section the past two days, with a tendency to keep the birds at what are regarded as comparatively high prices, as few will be available, it is estimated, at less than 40 cents a pound, especially first class birds. In event, however, there is a change and the temperature rises in this section two or three days before the holiday and continues for any length of time the price cards are quite likely to be subjected to a change in countenance and the price dropped it is believed.

It seems to be up to the consumers to get busy and use their efforts in influencing the weather man to cooperate with them in fighting the high cost of living and turn on the steam for a few days before the holiday as the dealers will look worried when the frozen moisture begins to leave the store windows.

The whole of this week. The first three days witnessed a cracker-jack show, and the one this half of the week, goes it one better. The headline attraction is "Town Hall Politics," a rural musical comedy, which is brimful of Pop, pretty girls, funny comedians and catchy song numbers.

The remainder of the program is not the least bit slighted, for among the artists are Tommy Ray, "The Singing Fireman of the Lusitania," Dickens and Floyd in their Bowery slit, "Pals," the Nathan Bros., who present "Fun on the Rollers," Virginia King, in quaint characters, and the usual picture program.

The management of this theatre has many excellent attractions in store for their patrons, among them being Lucken's Circus, which is the real thing in arena spectacles; the great big west ern novelty, "Cheyenne Days" which carry ten Indians, Cowboys, Mexicans and nine horses. For an artistic treat, the Pierceton Singers, numbering nine artists, may be classed among the foremost musical organizations now appearing in this country.

Among the big photoplay features to be presented at this popular theatre, Clara Kimball Young, in "The Common Law" will unquestionably prove the greatest photoplay attraction yet to be exhibited in this city.

Lovers of high class entertainment should make it a point to attend each change of bill at this beautiful theatre.

LOCKING FOR THE 'JOKER' IN PEACE OFFER

BOTH FRANCE AND ENGLAND TO
EXAMINE PROPOSAL CARE-
FULLY FOR "HIDDEN TRICK"

London, Dec. 14.—The caution "Watch out; take care," sounded by Premier Briand in his address to the French Chamber of Deputies, will also be England's guiding aim scrutinizing the German peace proposals.

After the first shock of the news of Germany's peace plan and the first and instantaneous decision to reject it, there came today, with the strengthening of this determination not to make the peace Germany craves, the belief that England and her allies might closely to examine the circumstances of the Teutonic move. Press and public alike were more than ever convinced today that some "German trick" was behind the proffer.

Most apparent in the German peace offer is the attempt to gain the sympathy of neutrals. An attempt to create dissension among the entente allies is believed to be one consideration of the note and the chancellor's speech. Lastly, the British public believes the German government desired to make a "play" to the German people to support the oft-repeated cry that Germany is merely defending herself against enemies who forced a war upon her. England believes there is every indication of popular unrest in Germany, due to shortage of food and the staggering losses of men and material which she has undergone since 1914.

LIKE ELECTRIC BUTTON ON TOES

Tells why a corn is so painful and says cutting makes them grow.

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freezeo. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug is harmless and never inflames or even irritates the surrounding tissue of skin.

A CHRISTMAS PRAYER
By Frederick T. Cardozo
(H. N. S. Albany Correspondent)
Most gracious Lord forbid the sword
And dull each gleaming blade:
Be it Thy will tonight to still
Each deadly canonade,
The straying sheep seek out and keep,
The blackest one retrieve,
That he may kneel for peace appeal.
Upon this Christmas eve.

BIG RED ROOSTER GRACES TABLE

Rep. Barnard of Stratham
Banquets in Honor of
Election.

On Thursday evening Joseph G. Barnard, the Democratic representative elect, tendered an oyster supper in honor of his election.

The event was held in the Stratham town hall and covers were laid for upwards of 100, including many of the leading citizens of Stratham, town officials from Newfields, Exeter and other adjoining towns. Invitations were also sent to many of the county officials in this section. Ex-Senator John F. Emery presided and the principal speaker of the evening was Senator-elect Judge Calvin Page of Portsmouth. Remarks were made by many others including Stratham's town officials and leading citizens.

One of the features of the banquet was the appearance of a huge wooden rooster which in old times was used as a weather vane for Stratham's historical church. This was placed in the center of the table, painted red, and bearing the placard, "We will have the Hens in 1920." This was contrived in anticipation of equal suffrage as many of the female population of the town were much concerned as to whether or not they would be invited to the event. The committee decided that they must wait for a few years at least.

The committee of arrangements consisted of ex-Senator John F. Emery, Selectmen Arthur Jewell and George M. Hall, Moderator-elect Earl H. Stockbridge, ex-representatives Chas. J. Brewster and W. Leslie Dilling, Fred N. Edmunds and Charles Grant. A delegation of about 30 members of Massachusetts Tribe, No. 16, of this city were present making the trip by a special electric car over the Atlantic Shore Street railroad.

Though peace on earth reigned at his birth
In David's city then,
And vale and hill sang of good will
From Ilion toward all men.
Tonight the breath of hate and death
Is breathed from many a soul;
Each watchful group and soldier troop
Has slaughter for its goal.

With upraised arm, still each alarm
Which shall ascend above,
Bid thou the age of war's fell rage
Give way to brother love;
And in Thy might forbid the fight
That wages day by day
And lead each race with radiant face
And banded clasped hands away.

WE SHOULD
ENJOY RAIN,
SAYS DOCTOR

Denver, Dec. 14.—"People to be healthy should be able to face and enjoy all the elements—the wind, the rain, the snow and the heat," declared Dr. Alvin L. Peabody, head of the research laboratory of the University of Colorado at Boulder. "It is the movement of the blood to meet the demands of the elements that makes good circulation and health."

"The majority of sicknesses are now caused by mothers and girls going around in light clothing all the year round and then heating up the house in winter to keep warm instead of wearing warm underwear and living in a cool house."

Dr. Peabody advises mothers not to put heavy covering over their children at night as the weight of the covers causes them to be tired in the morning.

Here are some rules suggested by the doctor:
Sleep out of doors.
Keep the children out of doors playing as much as possible.
Don't let babies play on the floor.
The floor is full of germs. Work for open air schools for children.
Use pasteurized milk. Thirty per cent of all cows are tubercular.

REFORM POLICY OF MISSOURI GOVERNOR

Jefferson City, Mo., Dec. 11—Gov. elect Gardner of Missouri in his message to the legislature next month will urge prison reform. Here are some of them:

First—Creation of a non-partisan board to administer the affairs of the penitentiary and exercise the power of parole.

Second—Establishment and enforcement of civil service in the prison management, making the test for officers and employees one of expert knowledge of prison work without regard to residence or political affiliation.

Third—No renewal of the contract labor system, the contract system to be succeeded by the manufacture of articles for state use, by farming and by road building wherever practicable.

Fourth—Establishment of a separate reformatory for first offenders.

EVANSVILLE MAYOR SELLS FOOD CHEAP

Evansville, Ind., Dec. 11—Mayor Ben Bosse of this city, is winning the applause of the people with his new municipal market to reduce the cost of living for the poor.

The market is in a vacant store room and city senter John C. Vallenmeyer is the purchasing agent. A large shipment of eggs was sold to the public for 30 cents a dozen. The price had ranged from forty-five to fifty cents a dozen. Vallenmeyer declares he will supply most of the homes of Evansville with fresh eggs at these prices until the market drops.

To provide a cheaper meat he went into Kentucky and bought hundreds

of rabbits which he sold for fifteen cents each. The first shipment was quickly snapped up.

Mayor Bosse chartered a steamer and barge and sent it to the Ohio river to get the first shipment of forty thousand tons of coal contracted for. This will be sold for twelve cents a bushel.

A carload of potatoes has been ordered from Wisconsin. The present retail price here is 60 cents a peck. Vallenmeyer hopes to cut this price about 15 per cent.

Mayor Bosse declares that the honest retailer has suffered as well as the general public by the inflation of food prices.

WITH THE SPORTS

(By Jack Vredek)

New York, Dec. 11—The baseball scout is a mighty important individual in the baseball world.

Time was, and only about two years ago at that, when some of our very best baseball magnates figured out a plan whereby they could dispense with the services of the many hunters.

Most of them thought that by arranging with managers in the minor leagues they would be able to get the same brand of dope on minor league players that he scouts were furnishing. Hence, they got busy appointing representatives in different sections of the country to look over the rookies and make reports.

Now it happened that a majority of the "magnates" who fit upon this line of reasoning were the owners of National league franchises. The American leaguers were more friendly to the system of employing scouts, and as a result a majority of the youngsters who came to the big show and made good came to American league clubs.

After trying out the "personal representative system" many of the baseball men have come to the conclusion that the best way to get a real line on minor league talent is through the medium of the scout, and a majority at least of these magnates who wanted to get away from the obligation of carrying two or more scouts on the payroll are expected to return to it next spring.

Dick Kinsella, veteran scout of the New York Giants, is going to be a more important sleuth in the Giant payroll next year than he has been for several years past and Dick may have one or two assistants.

For a time Manager McGraw had an idea he could comb the bushes, with Kinsella's aid through tips received from his many friends in baseball. But McGraw has changed his mind. It is said, and hereafter he will place his faith in the gumshoe boys.

Club owners in the National league have been doing some consistent thinking since the 1915 world's series. The ease with which the Red Sox put the crusher on the Brooklyn Dodgers has acted as a butt under the saddle, and the owners in the other league are making plans to strengthen their teams and thereby put a greater punch in the playing of the league as a whole.

It has been said for several years that the American league is the faster league of the two and the club owners in Governor Tener's circuit are tired of hearing it.

Young blood—more of it than the National league has the title to at present—is needed to rejuvenate the class of ball in that circuit, and it means that if the club owners are going out after it they will need the assistance of the best sleuthing persons they can hire.

President Eubank of the Dodgers will have four or five scouts looking over the Ivory Nells next summer and President McGehean and Manager Tinker of the Cubs have made it known that no rock will be left unturned to put the Cubs in the coming pennant race. Other National leaguers feel the same way about it.

YANKEE XMAS SHIP SAILS FOR SYRIA DEC. 16

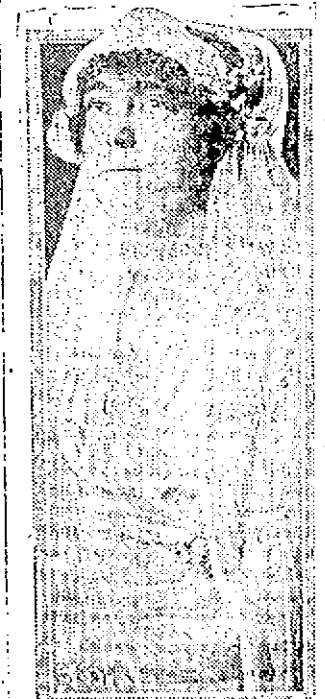

U. S. COLLIER CAESAR TO CARRY BIG CARGO OF NECESSITIES TO BEIRUT.

New York, Dec. 11—The United States collier, Caesar, sailing as a Christmas ship Saturday for Beirut, Syria, is loaded to the hatches with the most necessary articles of food and clothing. There is condensed milk for children, rice, lima beans, wheat, flour, petroleum, cottonseed oil, sugar and large quantities of warm clothing.

Proceeding the ship, the American committee for Armenian and Syrian relief carried \$410,000 to Tills, Tabriz, Beirut, Jerusalem and other cities where the need is great. It was impossible to await arrival of the ship, according to members of the committee. The Caesar's cargo is valued at \$250,000.

Estimates by the committee place the number of persons in need of food and clothing in Syria at 1,000,000. Another 1,000,000 Syrians and Mesopotamians are dependent upon charity. The committee declares that to save these persons from starvation through the winter at least \$5,000,000 is needed. To repatriate the thousands of Armenians and Syrians who have been driven from their homes will require another million.

American Girl Is Now a German Princess.

BARONESS VON SCHOEN.

Miss Catherine Blinney, daughter of the late Theodore Wells Blinney of Washington, has been married to Baron Wilhelm von Schoen, secretary of the German embassy. The baron will take his bride to Mexico, where he has been transferred by his government. She is as well known there as she is in the United States, having visited a brother-in-law and a sister frequently in the Mexican capital. The social prominence of both principals made their marriage of international interest.

WHITE ELEPHANT SALE.

Our citizens should not forget the White Elephant sale at the Woman's Club on Saturday, Dec. 16. This will afford an excellent opportunity to purchase fancy articles for Xmas gifts. The work of a well-known local artist.

CARRIE'S OLD HATCHET FLIES IN LIQUOR RAID

Memphis, Tenn., Dec. 14—Ten years ago Carrie Nation, the militant Kansas Prohibitionist, now departed from earth's activities, delivered an address on a square in Memphis and at its conclusion presented Police Captain John M. Couch with a hatchet as a souvenir of her visit. The hatchet had been used in many a barroom raid.

Captain Couch threw the hatchet in a locker at police headquarters. Prohibition was not thought of for Memphis in those days. The town was wide open. Carrie was not taken seriously. Recently Captain Couch headed a blind tiger raid and finding it necessary to batter down a door sent to headquarters for a hatchet. Carrie Nation's old hatchet was removed from the locker and with it the captain battered his way into the dive where a vast quantity of liquor was stored. Since that raid the hatchet has been in almost constant use, breaking flasks and knocking heads out of casks and barrels of contraband liquor. Memphis is dry legally and is being made dry in reality by the aid of Carrie's hatchet.

CENTRAL STATES HOLD CAR SHORTAGE MEETING

Evansville, Ind., Dec. 11—The central states conference on water and rail transportation opened here today with prominent men in business in attendance from many parts of the country. The relations of transportation to business, and methods of co-operation during the present period of prosperity to relieve the shortage of cars was the principal topic of discussion when the conference opened.

Frank Turnbull, president of the Chesapeake & Ohio Railroad, and N. C. Kingsbury, vice-president of the American Telephone & Telegraph Company, will be the chief speakers at the banquet tomorrow night, which will close the conference. The banquet will hear the waves of the Pacific over the long-distance telephone, and it is hoped that President Wilson will say a few words of greeting by this method.

GALLINGER NOMINATED MINORITY PRESIDENT

Washington, Dec. 15—Senate Republicans decided yesterday to present Senator Gallinger of New Hampshire as minority candidate for president pro tempore of the senate when the Democrats submit the name of Senator Saulsbury of Delaware for election to the post.

Senator Willard Saulsbury of Delaware was elected president pro tempore, receiving 41 votes to 22 for Senator Gallinger and five for Senator Clapp of Minnesota, the candidate of the Progressive-Republicans.

EGG HUNTING TOURS LATEST GERMAN SPORT.

Berlin, Dec. 14—"Egging" tours have become the latest sport in Germany. Every Sunday hundreds of inhabitants of the larger towns and cities walk many miles into the country and call at every isolated farm house to hunt eggs offered for sale. Often there are regular races between such expeditions, but very few of the "tourists" are lucky enough to get hold of even a dozen or two of eggs in an all day hunt. Most of them march ten to twenty miles, only to return home with empty hands in the evening.

OBITUARY.

Mrs. Annie S. Freeman
Mrs. Annie S. Freeman, wife of Harry J. Freeman, died at her home on Islington street on Thursday night after a long illness which she bore with a Christian fortitude. She was born in this city June 26, 1848, the daughter of Francis and Maria Jarvis. She was for many years an attendant at the Universalist church and took a deep interest in all matters pertaining to church work. She was also a member of Fannie A. Gardner Rebekah Lodge and took an active part until sickness prevented her. She is survived by a husband, one son Arthur Freeman of Rochester and one grandson, also a brother.

The death of this estimable woman not only causes sincere grief in her own household, but also extends to a large circle of friends and neighbors to whom she had become endeared. The funeral services will be held at the late home on Sunday afternoon at 2 o'clock. Friends invited.

NOTICE.

Dance at U. V. U. hall Friday evening, Dec. 15. Music by Doolittle and Shaw.

SCHOOL GIRLS ENTERTAINED BY COLLEGE GIRLS**College Life Is Portrayed at Woman's Club House by Graduates.**

The College club of Portsmouth entertained about 65 members of the High school including all the girls except the freshmen who are taking the classical course, at the Woman's club house on Thursday evening.

All brought pillows with them and in real college fashion sat on the floor. The drawing room of the club house was hung with banners and pictures of college groups, memorandums and photographs. Albums were arranged on tables in which every phase of college life was presented.

At seven o'clock an informal reception was held at which time the visitors had an opportunity to meet Mrs. William C. Walton and Mrs. D. W. Scott, officers of the college club.

Mrs. Laura Sumner, Miss Mildred Roberts, Miss Katherine Beane, Miss Hewitt and Miss Towles served as ushers and wore caps and gowns for the occasion.

After the reception, by means of the radiograph, which was operated by Miss Waters and Miss Hewitt, pictures of various college buildings were put on the screen and explained by Miss Dorothy Philbrick.

A short play followed which was in two scenes and depicted "episodes" in the college life of Sarah Bella Simpson. The play was an original one written for the occasion and the members of the cast were as follows: Miss Philbrick, Miss Beane, Miss Hewitt, Miss Hartford, Miss Matthews, Miss Walter, Miss Southwick, Miss Towles, Miss Thayer, Miss Roberts.

The girls responded to the play in the most enthusiastic manner. One end of the room was arranged to suggest a college room and nothing was lacking in appointments, the chaffing dish and casserole holding its accustomed place.

After the play Mrs. Lucius Thayer talked to the girls on the vocational opportunities for college women.

During the talk Miss Walter, Miss Philbrick, Miss Hartford and Mrs. Matthews made fudge in chaffing dishes which was served on vanilla ice cream. Fudge cake, cookies and candies formed the rest of the refreshments. College songs and cheers were sung at intervals to which the High school responded with their own cheers.

It was a very pretty party and enthusiastically entered into by all who were present.

Mrs. Dunfield and Miss Pickering served as a refreshment committee, and Mrs. Sumner chairman of the committee of ushers. Miss Walter and Mrs. Belden were in charge of the decorations. Miss Kimball and Mrs. Walton served as an invitation committee. Miss Thayer, Miss Hartford and Mrs. Matthews were in charge of the entertainment.

Cater's Market.

NOT GIVEN OUT BY THE ASSOCIATED PRESS

On Saturday the Chronicle printed a letter from Chief Postmaster W. L. Hill, U. S. N., regarding certain statements made by Thomas Mott Osborne, about the naval prison. In the introduction it was stated that the Associated Press gave out the report, etc. The article criticizing the prison and published by the Chronicle was taken from the Boston Traveler and the reference to the Associated Press was an error. The item was printed in all the Boston and New York papers.

THE HERALD HEARS

That candidates for the city hall jobs are plenty.

That the latest report today has it that Benjamin F. Mugridge will succeed Charles W. Andrews as sealer of weights and measures.

That Leon Ashe will head the poor department and take over the job of Charles Colbath.

That Chief of Police Hurley and Sheriff Spinney have not yet returned from Buffalo with Applebee, the young man wanted in this city for desertion of wife and children.

That rumors of political appointments are coming thick and fast to day.

That Easter Sunday of 1917 comes on April 8.

That it looks like some changes for the city department.

That parcel post men and the officials of the express companies say that people who mail and ship Christmas packages late this year will be out of luck on prompt delivery.

That the local plumbers have been granted an increase in wages.

That the Bob Ott company will be at Bladeford all next week.

That Bob will give away shirt waists to ladies as one of his drawing cards.

That the board of health is taking down a lot of the measles quarantine cards.

That the new signs on the lower end of the electric street cars are much appreciated and a decided help to the public.

That the candidates for city clerk may have to toss up a coin for the job.

That the Merchants National Bank of Dover has distributed \$15,000 to its Christmas Savings club.

That this was \$3,000 more than last year.

That the output of \$75,000 in one bank here shows what can be done in the way of saving.

That the will of the late Sarah J. Turner will cause no small amount of interest when offered for probate.

TRIANGLE KAY BEE PICTURES CORPORATION—THOMAS H. INCE PRESENTS

BESSIE BARRISCALE WITH CHARLES RAY in "PLAIN JANE"

A 5-part Comedy Drama from the virile pen of C. Gardener Sullivan, author of "Home," "The Wolf Woman," etc. A notable production typical of the supreme quality of Triangle Plays. Two of the screen's biggest stars have the leading roles, with a supporting cast that includes many other favorites, and throughout the touch of genius which Thomas Ince gives to every Triangle Kay Bee play. "Plain Jane" is one of the distinct picture triumphs of the season.

Pathe Presents the 8th Episode "Shielding Shadow"

Charles Murray in "Bombs," Tri-K

Monday and Tuesday—Sir Herbert Tree in "The Old Folks at Home," also Pauline Frederick in Paramount Picture.
